

NEED A NEW FRIDGE?

You might be eligible to receive a brand-new ENERGY STAR® certified refrigerator from DTE Energy at no cost to you!

DTE Energy is partnering with local community organizations to give qualifying customers new energy efficient refrigerators to replace their old, inefficient models. A new refrigerator could be just a phone call away if you:

1. Are a DTE Energy electric customer
2. Own a refrigerator that was manufactured before 2000* or deemed as inefficient through metering
3. Meet income eligibility requirements (see table)

Don't delay! The supply of refrigerators is limited and available on a first-come, first-served basis.

*Or if your refrigerator meets a minimum inefficiency level, contact us for more information. Availability may be limited and is on a first-come, first-served basis. Income eligibility does not guarantee participation in the Energy Efficiency Assistance Program.

To apply, contact:

Downriver Community Conference

Call: 734.362.7027

Address: 15100 Northline Road, Room 115
Southgate, MI 48195
